

## **Riverside Study - 1992**

### **PDF Notes**

The study was originally laid out in software no longer used by the Community Development Department. As a result, a number of chart images did not convert properly and the text was repaginated. The table of contents and file names refer to the original page numbering system. In addition, many photographs were deleted to compress file sizes for the web.

If you desire to review the report in its original format, contact Elaine Thorne at 617/349-4648 to request a copy.
